

| **Benefit Service** | provides an entire team of qualified dental benefit experts at your service. Our staff works as an extension of your staff to obtain patient dental group benefit information in a concise, easy-to-read format on your computer. Let us do the research while you attend to patients.

| **Custom Benefit Option and Patient History** | available when you upgrade your basic support. These services are optional and provide your office with additional codes/benefits research and patient specific information beyond our traditional plans.

| **Eligibility** | provides patient-specific eligibility and benefits directly from insurance carriers.

| **Collection Services** | utilizes the power of the three largest credit bureaus in the United States: Experian, TransUnion, and Equifax. When patients won't pay attention to you, third party intervention makes all the difference. **Account Recovery** is more than a letter system. We call the debtor and work to get your bill paid. **Express Collect**® enables you to submit Collection Services transactions, using our software from the convenience of your computer, to collect your past due receivables.

| **Managed Care** | summarizes the most critical features of each plan, including co-payment schedules, supplemental payments, visit fees, and pertinent lab reimbursement information.

| **DrDirect** | eliminates paperwork, increases cash flow, and avoids costly delays, through Trojan's Electronic Claims Service. You get paid faster.

| **Insurance Tracking** | eliminates the time your staff spends tracking down insurance payments from dental carriers.

| **Fee Schedule** | eliminates the time your staff spends performing data entry of your contracted PPO fee schedules into your practice management system.

| **Ask The Consultant** | provides answers to hard questions about your practice, at www.trojanonline.com/AskTheConsultant.html.

| **Trojan Today Newsletter** | features articles from top industry professionals, offering a variety of information and providing ideas and suggestions in the area of practice management.
