

Trojan's Fee Schedule Service

- Are you contracted with any carriers?
- Are you billing with outdated fees?
- Are you tired of hassling with write-offs?
- Are you billing the carriers your contracted fees?
- If not, would you like to be?

If you said yes to any of these questions, Trojan's new Fee Schedule Service can help.

Stop paying your staff to perform tasks that literally prevent them from assisting your patients. To prevent unnecessary errors, performing data entry of your contracted fee schedules takes hours of uninterrupted time. Why not delegate those hours to Trojan?

Why would I need Trojan's Fee Schedule Service?

- I'm not sure how much to estimate so I am billing my patients after their Insurance pays.
- I really want to estimate co-payments right from my computer and collect accurate co-payments at the time of service.
- I'm tired of having to look through pages of fee schedules just to populate a simple treatment plan.
- I am contracted with carriers but I am billing my office fees so my staff has to hassle with write-offs with every check we post.
- I just opened my new practice and need all my fee schedules entered now!
- I've been losing money billing with outdated fee schedules!
- I just received my updated contracted fee schedules and need to update them in my practice management system.
- Actually, a colleague of mine needs your help!

Increase Collections *and* Production.
