Dr**Direct** Electronic Claims

Fast, Efficient Claim Submissions So You Get Paid Faster

How Does it Work?

With integrated DrDirect, you create your claims in your practice management system throughout the day. When you are ready, send the batch of claims and DrDirect will take over. Each claim will be checked for missing information and errors, decreasing the chance of denied claims needing to be resent, the clearinghouse is contacted, and the batch is immediately on its way.

With DrDirect you'll enjoy benefits and services such as:

- Simple installation
- Comprehensive training
- Unlimited support
- Automatic software updates
- Claims tracking at no additional charge
- Integration with image attachment services

- Avoid middle-men and third-party delays of your transmissions or requests from the payers
- Retrieve status and inquiry reports on a daily basis at no additional charge
- Benefit from automatic error-checking on each claim before it leaves your office
